## EDUCATION AND HONORS

**Binghamton University, State University of New York, School of Management** — **Binghamton, NY**
*Master of Business Administration, Concentration in Business Analytics* — *May 2026*
*Bachelor of Science in Business, Concentrations in Marketing and MIS* | **GPA:** 3.50/4.00, *cum laude* — *May 2025*

## PROFESSIONAL EXPERIENCE

**The Kasen Law Firm** — **Queens, NY**
*Front Office Coordinator* — *September 2026 - Present*
- Served as a central point of contact for clients, attorneys, and internal stakeholders, accurately routing an average of 60+ requests daily and ensuring smooth daily office operations by restocking supplies and inventory when needed.
- Coordinated team calendars, meetings, and tasks on Outlook across multiple departments while balancing competing priorities and maintaining accurate communications to meet deadlines in a high-volume and fast-paced environment.
- Managed new client onboarding and client relationships across multiple teams through proactive communication and timely follow-ups, resulting in an average of 5 new client intakes per week.

**Binghamton University Res-Life** — **Binghamton, NY**
*Housing Assistant* — *September 2025 – December 2025*
- Conducted annual health and safety inspections, performed residence hall walkthroughs, documented maintenance issues, completed data entry tasks, and reported policy violations while maintaining professionalism and integrity
- Supported Residential Life operations by educating students on fire safety and responsible community living, participating in staff training and student events, and serving as an ambassador for Res-Life initiatives as needed

**SL Green Realty** — **Manhattan, NY**
*Property Management Intern* — *July 2024 – August 2024*
- Coordinated with tenants and vendors via email and phone to collect Certificates of Insurance (COIs), ensuring compliance with building regulations and contributing to a 4% increase in compliance rate for the property.
- Supported daily building management operations by attending weekly construction meetings, compiling tenant files, and maintaining accurate occupancy data in Excel in preparation of composing building internal reports.
- Created Excel tracking spreadsheets on paid debit data to support annual accrual budgeting and financial reporting.

**NYC Department of Youth and Community Development** — **Manhattan, NY**
*Social Media/Marketing Intern* — *July 2023 – August 2023*
- Supported event and community engagement initiatives by supporting 30 partner-hosted events connecting New York City youth with employers by coordinating outreach and maintaining communication with industry leaders.
- Created multimedia marketing materials such as graphics, posters, and videos across Instagram, Twitter, and YouTube using Canva by photographing events, editing footage, and conducting interviews to promote an anniversary campaign.
- Collected and analyzed program performance data in Excel, comparing year-over-year statistics across 12+ industries to evaluate program success and retention to inform future outreach and marketing efforts.

## PROJECTS EXPERIENCE

**Generative AI for Business** — **Binghamton, NY**
*Generative AI for Business (MIS 580B)* — *January 2026 – May 2026*
- Developed AI workflows using RAG pipelines, vector embeddings, and agentic AI tools to improve information retrieval, automate multi-step tasks, and enhance the accuracy and contextual grounding of LLM-generated responses
- Evaluated risk of AI usage to solve business problems by evaluating LLM performance through iterative testing, prompt engineering, and retrieval optimization to analyze responses plagued by bias, hallucinations, and misinformation.

**Marketing Students Instagram Account | Instagram, Canva, Video-Editing** — **Binghamton, NY**
*Social Media Marketing (MKTG 465)* — *January 2025 – May 2025*
- Lead a team in creating 3 pieces of content for the marketing course's class Instagram account by analyzing past performance and identifying audience trends resulting in over 36k views, 27k reach and 1300+ likes and shares.
- Monitored post-performance metrics by tracking engagement trends and audience interactions to compile a presentation analysis report addressing content relevance and recommending social media strategies for future content.
